

THE CLOUDBOX SETUP WIZARD - FIRST INSTALL

To properly configure your CloudBox, please run the Setup Wizard to completion. Though the CloudBox may be listed on your network, the storage will not be accessible until the Setup Wizard has been completed. The Setup Wizard can be started via LaCie Network Assistant or directly in your web browser.

LAUNCH THE SETUP WIZARD VIA LACIE NETWORK ASSISTANT (RECOMMENDED)

1. Open LaCie Network Assistant.
 - *Windows Users:* Select LaCie Network Assistant in **Start > All Programs**. The LaCie Network Assistant icon will appear in the system tray.
 - *Mac Users:* Select LaCie Network Assistant in your Applications folder. The LaCie Network Assistant icon will appear in the menu bar.
2. Click on the icon in the system tray (Windows) or menu bar (Mac) and select **CloudBox > Web Access...**

LaCie Network Assistant - Windows

LaCie Network Assistant - Mac

LAUNCH THE SETUP WIZARD DIRECTLY IN A WEB BROWSER

1. Open your Internet browser (Firefox, Internet Explorer, or Safari)
2. Type the default device name in the browser's address bar. Depending upon your operating system and browser, you can use <http://CloudBox> or <http://CloudBox.local>.

Completing the CloudBox Setup Wizard

The Setup Wizard will guide you through the installation, from creating an account to configuring the CloudBox settings.

Please locate the leaflet with your 1-Year Online Backup contract number before continuing with the Setup Wizard. You will be asked for the contract number during the setup.

Administrator and Users - A Quick Note Before Starting

The Username you enter during the Setup Wizard will become the default administrator of the CloudBox.

Please note your Username and Password on paper for future reference since the information cannot be recovered.

An administrator may add up to nine more users to the CloudBox to store and backup data. Further, the administrator can revise or remove users. While user names may be edited at any time, the administrator Username remains the same once it is created during the Setup Wizard.

Important note: If you are unsure of your IP settings, please contact the person or company responsible for managing the network. For example, home users should contact their Internet Service Provider (ISP).

Important note: The Username and Password entered during the Setup act as the default login for the CloudBox administrator. For security reasons, they cannot be recovered. **Therefore, LaCie highly recommends that you mark your Username and Password on paper.** Keep the information in a safe, convenient location so that you can easily recall your Username and Password.

1. Welcome to the CloudBox Setup Wizard. Please select your language and time zone.
