

CARE AND HANDLING

Your LaCie Mirror is made of resistant Gorilla Glass 3. While it is durable and able to withstand limited impact, the Mirror's appearance can be negatively altered when mishandled. Follow the recommendations below for cleaning and handling to make certain that your Mirror maintains its outward shine.

Important info: Disregarding the care and handling instructions will void the warranty for the LaCie Mirror.

CLEANING

Consider the following before cleaning your Mirror:

- Gently wipe the LaCie Mirror with the included dry cleaning cloth.
- Always use the included cleaning cloth to clean the Mirror's surface.
- Never apply water, cleaning chemicals, or liquids of any kind to the included cleaning cloth.
- Never wipe the Mirror when it is connected to a computer or power outlet.
- Never wipe the Mirror with a damp or wet cloth.
- Never apply liquids of any type to the Mirror.
- Never apply any chemical substance to the Mirror. Doing so can permanently scar its surface.

HANDLING

The Mirror is meant to be used as a hard drive connected to a computer. Make certain to place the Mirror on the included wood stand as instructed in [Getting Connected](#).

When transporting the Mirror, gently place it within the included carrying pouch and keep a firm grip to guarantee that it does not fall. The Mirror's surface can be marred if it is dropped.
