

UPGRADE YOUR BUSINESS STORAGE: ADD STORAGE, USERS, AND GROUPS

Wuala recommends that the administrator for your Business storage follows all instructions to create and manage your Company on Wuala.

ADD STORAGE AND USERS

Your Wuala Company Starter Code supports up to five Business Groups on 100GB of secure online storage. Each Business Group can have up to five users, including the administrator. To add more Wuala storage capacity and users, follow the instructions below.

1. Right click on your Company name to select **Manage Company...**
2. Select the **Storage** tab.
3. Click on the link **Get more** for upgrade options.

4. You will be directed to [Buy Wuala Business](#). Enter your email address and select the amount of storage capacity and/or users/groups you wish to add.

Buy Wuala Business

With Wuala Business you can dedicate storage to a group and use the purchased storage all together as a team. Used storage is not counted to a specific user account, but to the group. Of course, all Wuala Business offers come with unlimited bandwidth, sync and file versioning. [More info.](#)
